- Start Date – **May 18th, 2020** Anticipated completion of south phase by Thanksgiving 2020

Winter Shutdown- December through February

North Phase - W 51st St. to W 48th St.

- Anticipated completion of project by **May 21st, 2021**

General Construction Sequencing

Access During Construction

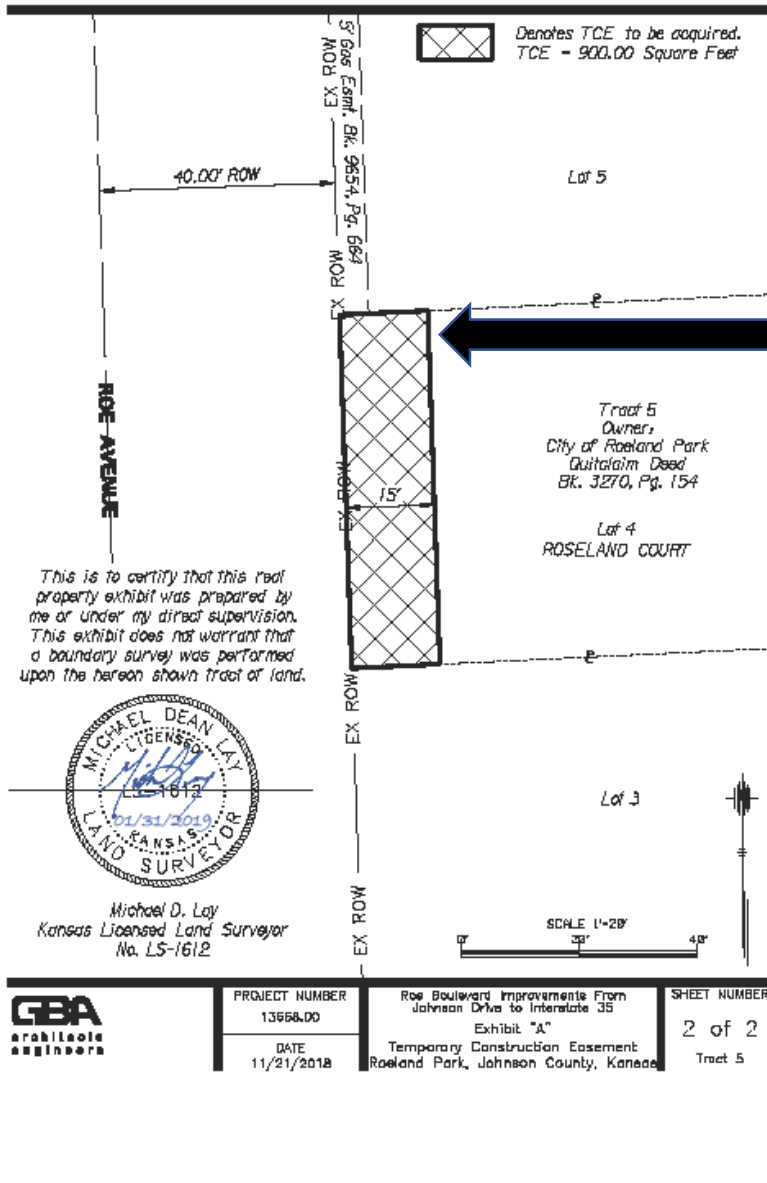

Sideroads and Commercial Entrances:

- Construction phased to maximize accessibility while keeping in mind public safety.

Residential Driveway Closure:

- There will be two instances in which homeowners will not have access to their driveways. This will be during the construction and cure-time of the curb and gutter adjacent to the driveway as well as the reconstruction and cure-time of the driveway. We anticipate the closure of each driveway to be limited to about 2 weeks total (depending on weather).
- Special accommodations will be made for those with special medical needs and those with disabilities. Contact GBA Inspector-Bill McClaskey to coordinate.

Exhibit A – Residential

- Represents temporary construction easement area
- Allows contractor to go beyond existing ROW for grading, ensure ADA compliance of sidewalks, drive approaches

Exhibit B – Businesses

Shaded area represents construction area for business properties

Residential Parking Areas

- ❑ Highlighted streets represent areas for parking during curb & gutter removal and drive approaches
- ❑ Contingent on contractor construction phases
- ❑ GBA Project Inspector to communicate and update parking areas to residents during each phase
