## **GFL/WCA Residential Collections on One-Day Delay in Observance of July 4 Independence Day Holiday**

Harrisonville, MO. (June 23, 2021) – WCA of Missouri, part of GFL Environmental Inc.’s Southwest Area, will not conduct scheduled solid waste collections on Monday, July 5 in observance of the federal Independence Day holiday. All residential trash, recycling and yard waste collections that week will occur the day after the regularly scheduled service date.

According to Missouri North District Manager Carey Calabrese, the company will run the holiday collection schedule that customers are accustomed to with the Thanksgiving, Christmas and New Year’s Day holidays.

“We look forward to joining our community partners and residential customers in enjoying the July 4 holiday,” Calabrese said. “Our staff and employees hope everyone has a safe and pleasant weekend, and we’ll see our customers back on the routes on Tuesday, July 6.”
