

**Roeland Park Art Advisory Committee
Meeting Minutes**

Date: 08/16/2017 Time: 6:00 p.m.

Location: Roeland Park City Hall

DRAFT

Members present: Marek Gliniecki, George Schlegel, Christine Webster, Mary Schulteis, Lynda Leonard, Michael Poppa
Guests:

ITEMS	Discussion	Action Items/ Responsible Person(s)
1. Update on available funds in RP Art Committee Account	\$2,549.00	Marek, please add breakdown here. I didn't it have down correctly
2. John Northington, "Tetrahedron" sculpture	Marek stated that, the sculpture work, "Tetrahedron", located at East cloverleaf at Roe Ave and Johnson Drive needs to be relocated due to maintenance by RP Public Works	Public Works needs to be responsible for arrangements for moving the sculpture. Mike and Christine suggested that the green area just West of Boelte-Hall Bldg along Roe Ave would be a good place to relocate the sculpture. The Art Committee should be specific with RP Public Works about the location so it is done as desired. Marek will let John Northington know of the movement/location of the sculpture.
3. Christine, updated info on sculpture registry	Christine accessed the RP City database and updated the registry where needed	
4. John Northington "Bench with Glass", needs to be repositioned on its base	Christine suggested that photos of the original installation would be helpful in restoring the sculpture to its proper original position when first installed.	Not sure if RP Public Works is to do that project

<p>5. “Industrialized”, by Tyler Dawson, needs to be restored with new chrome.</p>	<p>Marek had the measurements as 17’ 6” by approximately 11’ diameter</p>	<p>Marek will speak with the plater to make arrangements to get the piece moved to plating location.</p>
<p>6. “Mothers Passing”, Reda Carr</p>	<p>Size approximately, 16’ x 3’ x 3’</p>	<p>May move it to area across from Price Chopper where ‘Orange Balls’ is located.</p>
<p>7. Tim Morales, ”Orange Balls” sculpture</p>	<p>To be sold by city of Roeland Park and removed from display</p>	<p>Marek will instruct, Jennifer Jones Lacy, to send the form to Tim Morales to relinquish the sculpture to city of RP so it can be sold.</p>
<p>8. Smithsonian Sculpture Registry and RP Sculpture Registry</p>	<p>Both registration projects are in process and nearing completion. Christine has updated the info on her list. Mary had spoken with the Smithsonian and received updated information on what they wanted. Learned 4”x6” photos of all the sculptures were preferred.</p>	<p>Need to add the Painted Piano, Joel Marquadt’s “34” and the “Girl In Swing” by Maria Ogedengbe to the RP Sculpture Registry</p>
<p>9. Updated information on Smithsonian Sculpture Registry</p>	<p>Subject: RE: Smithsonian Art</p> <p>Thank you so much for your inquiry about reporting the outdoor sculpture in your community. The outdoor sculpture should be permanently sited, rather than up for sale or on temporary exhibition. The sculpture may be sculpted using traditional methods of modeling, carving, casting, or construction; may be sculpted using contemporary materials or techniques; and must be by an artist who was born in or whose works are identified with the United States. Photographs are optional, and if you would like to include one per report form, it should be no larger than 4 x 6 in., and the photograph must focus the sculpture without people or automobiles in the photograph –either a color or a black and white photograph is acceptable.</p>	<p>Mary and Christine are going to meet and get the photos updated</p> <p>Lynda suggested making two sets of photos, one for Smithsonian Registry and one for RP Sculpture Registry</p> <p>Marek requested that both registries be completed by the next RP Art Committee meeting in September.</p>

**Roeland Park Art Advisory Committee
Meeting Minutes**

<p>10. Marek questioned the status of 1% For The Art Program</p>		<p>Marek will contact Commerce Bank as to what is happening with them and the art they are planning for the Roe Ave & Johnson Drive corner</p>
<p>11. Miscellaneous discussion regarding RPark</p>	<p>Talk with Johnson County Community College Art Department regarding possible artists for sculpture in RPark</p> <p>Christine thought interactive/touchable works in RPark would be good. All agreed this would be good but works needed to be sturdy to handle whatever kids could do to pieces. Mary suggested a large chess game would be fun</p>	<p>Perhaps a survey in RP Newsletter</p>
<p>12. George information for RP Newsletter</p>	<p>Mary, Christine and George worked on wording and details for news release.</p>	<p>George will send info on news release he has to Kelly Bohon for RP Newsletter</p>
