

Traffic Calming Program Request Application

Please Submit Study Application to:

City of Roeland Park
Public Works Department
Attn: Donnie Scharff
4600 W. 51st St
Roeland Park, KS 66205
Email: dscharff@roelandpark.org
FAX: (913) 722-2600

Neighborhood:

Contact Name:

Address:

Phone: Daytime Phone:

Email:

- Describe the location of your traffic concern:

- Describe your neighborhood's traffic concern in detail:

After receipt of this application the City of Roeland Park will define the limits of the impact area and submit a survey to the neighborhood representative prior to proceeding with any further evaluation. The attached survey should be circulated to all residents living within the established impact area upon the notice to proceed and returned to the City of Roeland Park. Properties without signatures will be counted as "negative responses". More information regarding the Traffic Calming Program can be found at the City of Roeland Park's website: www.roelandpark.net. By initiating this request, we understand that if any engineered traffic calming treatments are implemented they will

follow all applicable standards regarding construction and signage including but not limited to the Manual of Uniform Traffic Control Devices (MUTCD).

Neighborhood Traffic Safety Study Survey

Location:

Please submit this survey signed by at least 60% of the property owners (one per household) located within the impact area defined by the City of Roeland Park along with the request application.
