Racial Equity Guiding Questions

- **Disproportionate Impact:**
 - Has input from people most affected been sought?
 - Is it possible some groups would be more negatively affected than others?
 - Is it possible that some groups benefit more than others?
 - Is that necessary and/or in line with goals? If not, could this be minimized?
- **Equity in language:**
 - Does the policy/practice make normative/stereotypical assumptions?
 - What types of words are used to describe individuals/groups identified in the policy/practice?
 - Is there language that includes or excludes communities that have been historically minoritized? (Ex. "She/He" > "They")
- **How will this action affect/serve people and places that are:**
 - Low-income (consider: renters, shift work schedules, limited transportation)
 - Communities of color
 - Limited-English speaking
 - People of varying abilities (mobility, vision/hearing impairment)
 - People with marginalized faith traditions
