  - i. We will meet before the next meeting to discuss all feedback that was shared and propose a plan to more deeply engage and coordinate between all committees. We were not all on the same page about this work, so I am glad to have more clarity here.

1. Next steps might include: sending out a form to gather more specifics or inviting Chairs to an early 2026 meeting
- d. Fundraising subcommittee + Budget
  - i. Committee should talk to Staff about the fundraising strategy vs. the City chipping in more funding. I think we can find better balance here, based on my conversation with Keith.
  - ii. We have not set an overall budget which is causing challenges. I think the hope was to build a budget in an informed way by piecing line items together. I am thinking on this and if we might be able to review a "bigger picture" in December.
- e. All
  - i. Staffing
    1. I have spoken with Keith and he/his staff are going to provide more material support, starting with developing a site plan. Jonna will provide more support as a city staff member, as well as a committee member.
